

Insights Into Inward Consciousness

By G. Srinivasan

Munshiram Manoharlal Publishers Pvt. Ltd., 1994. Hardcover. Book Condition: New. First. 15 X 23. The Purpose of this treatise is to descriptively analyse the structure of consciousness from 'within'. The method adopted is the 'inward' approach in which consciousness turns back on itself and comports itself toward its own understanding. The 'inward' descriptions of the structure of consciousness in this treatise follows its own distinct line of development, resulting in a 'unified wholeness' of perspective without being confined to the constraints of any particular brand of phenomenology. Temporality, dread, death, etc. are described as inherent to human existence and emphasis is laid on the urge of inner transcendence to the poise of pure consciousness in which being is encountered. The truths expressed in the treatise are 'experiential', accessible to all those who seek to live in full understanding of the nature of their existence in the world.
