Sri Satguru Publications, Delhi, India, 1990. Hardcover. Book Condition: New. Dust Jacket Condition: New. First Edition. This new translation, drawing its Inspiration from both careful scholarship and yogic practice, offers innovative features in that it : Provides a full grammatical analysis of each term used by Patanjali, including an analysis of word compounds.Emphasizes the style and flow of the central author, rather than deferring to later commentaries.Includes a concise introduction, surveying earlier scholarship on the text and highlighting what the translators perceive to be its central theme : The process of subtilization. Uses consistent translation of Sanskrit terms such as artha (purpose) and visaya (condition), whereas prior translations have often given more than one translation for the same Sanskrit word. Selectively retains technical vocabulary in the original, thus challenging the reader to expand his or her linguistic horizons by assimilating Sanskrit terms such as purusa, prakrti, guna, and dharma. A Sanskrit word index and Bibliography of prior translations are included.Printed Pages: 141.
