Nuclear Security: Does Progress on Reducing Its Security Clearance Work Load: Rced-93-183

By -

Bibliogov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 24 pages. Dimensions: 9.7in. x 7.4in. x 0.1in.Pursuant to a congressional request, GAO reviewed the effectiveness of the Department of Energys (DOE) efforts to reduce the processing time for security clearances for federal and contractor employees. GAO found that: (1) DOE has decreased its personnel security workload and reinvestigation backlog since 1988; (2) as of June 1993, DOE had reduced its reinvestigation backlog by more than 99 percent; (3) programmatic changes within the nuclear weapons complex could reduce the annual clearance workload; (4) contractors complained of the lengthy delays in processing clearances after DOE instituted its expanded reinvestigation program in 1985; (5) contractors could not recall any significant adverse effects on their operations or DOE programs due to the processing delays; and (6) DOE increased its staff and reduced the number of clearances to expedite its security clearance process. This item ships from La Vergne,TN. Paperback.
